

COURSE CROSSWALK

BACHELOR'S IN BUSINESS MANAGEMENT

Champlain College Online (CCO) is working with Corporate College Services (CCS) to offer a pathway to a bachelor's degree in business management through a combination of CCS courses, and Champlain College Online courses taken at a reduced, preferred tuition. The course map is on the reverse of this page, showing the courses* in the Champlain College Online degree program, and the courses you can take through CCS toward that degree.

Champlain College Online allows up to 90 transfer credits toward a bachelor's degree. Those credits may be earned through a regionally accredited college or university, through credit by exam (AP, IB and CLEP) and ACE and NCCRS approved credits. To transfer, courses must align with the program/course competencies and a grade of "C" or better must have been earned.

** as of May 2022. Please check the curriculum with a Champlain College advisor to confirm.*
